**Subject:** Did We Email Written Cmts on OR Draft TMDL Urban Impl Plan Guidance to ODEQ?  
[TMDL IP Dev for Urban & Rural Residential Land Uses Cmts.doc](#)

Hi All,

I recall that we planned to send written comments on Oregon's draft TMDL Urban Implementation Plan Guidance to ODEQ. When I reviewed my emails, I realized that we probably did not do so.

I have attached Allison's comments (with some of my comments incorporated--unfortunately I cannot understand many of my notes) as a starting point.

The following is from the May 12, 2010 letter....

New Development:

Complete TMDL Implementation Guidelines for the Coastal Nonpoint Program management area that incorporate the new development management measure requirements or practices consistent with the new development measure. Please provide NOAA and EPA with drafts of the guidance to review to ensure the final product will meet Coastal Nonpoint Program requirements.

Submit a strategy and schedule for completing and updating TMDL Implementation Plans within the Coastal Nonpoint Program management area to be consistent with the new TMDL Implementation Guidance.

Cheers,
